Jan 26<sup>th</sup> 1863, Jefferson Marion County  
Tenn

Mr. Reiley, Sir,

Believing you will give my ideas  
the consideration and endeavor to assist me  
provided you deem them of sufficient importance  
I submit the following

1<sup>st</sup> That the present system of cooking in the  
houses of this country is without doubt the  
worst possible one on account of the waste  
of time, fuel and provisions and particularly  
the indigestible and unwholesome food.

2<sup>nd</sup> That there are more or less men in each  
house that have a natural distaste for cooking  
and therefore to avoid it spoil half the  
things raised and consequently they feel that

3<sup>rd</sup> That the ware is frequently destroyed and  
spoil. Messes have to be made in the kitchen  
everything to cook in at all.

4<sup>th</sup> That the fuel is frequently so wet that  
often a man or the men will sleep rather  
than build for a proper fire to cook on  
and great many other reasons might be enumerated.

As I think I have made out a sufficient  
case for a change provided such change  
can be effected I propose to show how  
it can be readily done.

Portable Kitchen can be constructed  
which that four good meals can easily  
be made that will cook food, whetstone, and  
other food, for 1000 men in about 24  
hours, or for 10000 men in 24 hours if neces-  
sary. It will weigh including water and fuel  
less than 2500 lbs.

By a brackish water could make no  
use.

Now I believe will be all that is necessary  
to cook, certainly not more than Ten  
packing and unpacking of so much  
the castings would be avoided and the  
any occasioning by baggage not coming up  
it also be avoided as a fire can be  
put up while traveling if necessary  
all the above must have approbation and  
I think fit to lay it before Gen. McFadden  
so, and if I can be of any service in  
construction I shall be glad to do so  
I am surprised & more in this direction  
not have made but I have heard of

There are three plans of sketches one  
also is Lopez's who distinguishes himself  
the Cooking Department at the Prison  
by are simple of construction, made of  
and that iron

I have one of mine own that I think is to  
be preferred in any among these. Strongly Roads  
is however but slight difference  
however get the system adopted and  
there will be no lack of suitable and very  
efficient skilchers

The get the system adopted is that I am  
now after

The cost of one 6 feet long, 3 feet wide with a  
reservoir for water, pump and boiler complete  
ordinary times would not exceed \$1000 and  
the suitable for <sup>looking</sup> <sup>ration</sup> 24 hours

showing a glorious defence of that which has  
been so gallantly maintained from our enemy

Oklahoma City.

No record has been found in this office of an organization known as the 32d Arkansas Cavalry, Confederate States Army.

The name G.W. Hendricks has not been found on the rolls on file in this office, & covering periods from March 1, 1861, to December 31, 1865, of the 10th Texas Field Battery (Proctor's), C.S.A., nor has any record been found of service, capture or parole of a man of this name and organization.

The records show, however, that one George W. Hendricks, blacksmith and private, Company G, 32d Texas Cavalry, C.S.A., enlisted August 5, 1861. On a roll dated April 5, 1864, last on file, he was reported absent without leave from March 18, 1864; supposed to be in Lamar County, Tex. Nothing later relative to him has been found.

It is proper to add that a record of said George W. Hendricks was furnished by this office on April 30, 1915, to the Commissioner of Pensions State of Texas, Austin, in response to a request from said official similar to the one made within.

enlisted a farmer. During the last two months  
I have been unfit for duty. I have drawn no pay,

it being on the other side of the Mississippi River.

Private Ellert J. Johnson of Glover's Co (Co.) Lerump's  
Battalion Texas Cavalry, having applied to me for certificate  
on which to ground application for final discharge  
from the army service - This is to certify that I have carefully  
examined said Johnson and find that he is incompetent  
to discharge the duties of a soldier - (and has not been  
for two months to my knowledge) in consequence of weakness of  
the stomach, liver & bowels. I declare it as my opinion  
that said Johnson will not be fit for service again previous  
to the expiration of his term of service - I therefore recommend  
his final discharge from service Aug 16<sup>th</sup> 1862

IN REPLY REFER TO

A careful search of the Revolutionary War records in the Army archives has been made and no record has been found regarding the service of

The collection of military service records for that war is by no means complete, and failure to find a record of service does not indicate necessarily that an individual did not serve.

Revolutionary War pension and other related records are in the custody of the Archivist of the United States. Your inquiry has therefore been referred to that official for consideration and direct reply.

Miss Margaret L. Breker

The records show that one George W. Limbary, 2d Lieutenant, Company E, 32d Regiment Tennessee Cavalry (15th Regiment Tennessee Cavalry, Camp's Battalion Mounted Volunteers), Confederate States Army, entered the service 19 February 1862 at Decatur, Tenn. He was elected 1st Lieutenant and Acting Adjutant 8 May 1862. The Field and Staff Master Roll for September and October 1862 shows him absent, "Wounded at battle Chickasaw." The Field and Staff Master Roll dated 5 April 1864, last on file, shows him present. No later record of him has been found.

This collection of records is by no means complete, and failure to find the entire record of Confederate military service does not indicate necessarily that an individual did not serve at some period not covered by the records.
